APPLICATION

-  Construction
-  Road & Railway
-  Airport & Ground Handling
-  Logistics & Transportation
-  Outdoor Work
-  Public Safety

PRODUCT FEATURES

- High performance waterproof & breathable fabric for all-weather protection
- Durable 300D stretch plain weave for excellent wear resistance
- High visibility design with premium reflective tape
- Fully seam sealed for complete waterproof protection
- Adjustable detachable hood for versatile use
- Multiple waterproof pockets for secure storage
- Comfortable fit with articulated sleeves for improved mobility
- Ideal for construction, transportation, airport and outdoor working environments

FABRIC SPECIFICATION

Fabric Code: RPPS2159-GY1082
Weave: Plain Weave
Yarn Count: 61T*53T
Density: 300D*300D
Composition: 100% Polyester
Weight: 145 gsm
Width: 250 cm

FUNCTION:

- Waterproof: ≥10,000mm
- Breathability: ≥5,000g /m²/24h
- Durable Water Repellent: 4-5 Grade
- After 10 washes 60°C (Tumble dry): 3 Grade
- Membrane: PU High Permeable White Film
- Lining: 20D Polyester Tricot

TECHNICAL PERFORMANCE

-  **Waterproof:** ≥ 10,000 mmH₂O
-  **Breathability:** ≥ 5,000 g /m²/24h
-  **Water Repellency:** Grade 4-5
-  **After 10 Washes (60°C, Tumble Dry):** Grade 3
-  **Windproof:** Excellent
-  **Seam Strength:** ≥ 20 N
-  **Abrasion Resistance:** ≥ 20,000 cycles
-  **Color Fastness:** Grade 4-5
-  **Pilling Resistance:** Grade 4

CARE INSTRUCTIONS

-  Machine Wash 60°C
-  Do Not Bleach
-  Tumble Dry Low
-  Cool Iron
-  Do Not Dry Clean

PRODUCT FEATURES

- Soft and breathable twill fabric for all-day comfort
- Durable cotton-feel fabric with excellent wear resistance
- Lightweight and comfortable for enhanced mobility
- High visibility reflective tape for improved safety
- Classic utility design with multiple functional pockets
- Colorfast and easy care fabric
- Suitable for various work environments

FABRIC SPECIFICATION

Fabric Code: APTF0001-GY0036
Weave: Twill
Yarn Count: 40S*16S
Composition: 100% Polyester
Thread Density: 136T*60T
Weight: 240 gsm
Width: 145 cm

TECHNICAL PERFORMANCE

- Telecommunication Maintenance
- Emergency Response & Rescue
- Railway & Infrastructure
- Wind Power Maintenance

PRODUCT FEATURES

- High visibility fluorescent red for enhanced safety in low light
- Flame-retardant and anti-static protection for electrical hazard environments
- Water repellent and windproof for all-weather protection
- PU flame-retardant coating with flame-retardant knitted backing
- Fully taped seams for 100% waterproof performance
- Helmet-compatible hood with multiple adjustments
- Multiple pockets for tools, radio and personal items
- Durable and breathable for all-day comfort

FABRIC SPECIFICATION

Fabric Code: XPRS1107-GY1068
Weave: Jacquard Grid
Yarn: 110D+150D*110D+150D
Composition: 98% Recycled Polyester
2% Nylon Conductive Yarn
Yarn Count: 107T*84T
Weight: 273 gsm
Width: 145 cm
FUNCTION:

- Water Repellent (WR 90)
- Flame Retardant (PU Coating)
- Anti-Static (Conductive)
- Breathable
- Windproof
- Taped & Sealed Seams

TECHNICAL PERFORMANCE

	Water Repellency:	90 (AATCC 22)
	Flame Retardant:	Pass (After 25 Washes)
	Anti-Static:	10 ⁶ - 10 ⁸ Ω
	Breathability:	≥ 5,000 g/m ² /24h

- Adjustable cuffs and hem for customized fit
- YKK® Aquaguard® waterproof zippers
- Lightweight & packable for easy carry

FABRIC SPECIFICATION

Fabric Code: TNPS1109-GY0962
Material: 100% Nylon 66
Weave: 70D x 160D Taslan
Yarn Count: 152T x 71T
Weight: 180 gsm
Color: Olive Green Print

Composition:
• 3-Layer Construction
• Face Fabric: 100% Nylon 66 Taslan
• Membrane: PU High Breathable White Film (EN343 Class 4)
• Backer: 20D Nylon Tricot

FUNCTION:
• Waterproof (EN343 Class 4)
• Windproof
• Breathable
• Durable
• Lightweight
• Packable

TECHNICAL PERFORMANCE

- Daily Wear
- Layering Piece

PRODUCT FEATURES

- Lightweight 58gsm nylon shell with soft and silky hand feel
- Fake down proof coating prevents insulation leakage
- Thin quilting with premium insulation for warmth
- Windproof construction for reliable protection
- C6 durable water repellent, WR 80 performance
- High breathability and quick drying
- Stand collar for clean and comfortable look
- YKK® front zipper with chin guard
- Zippered chest pocket and hand pockets
- Inner pocket for phone or small items
- Elastic cuffs and adjustable hem with snap
- Packable design for easy storage and travel
- Ideal for layering in mild to cold conditions

FABRIC SPECIFICATION

- Railway & Metro Service
- Airport Ground Staff
- Outdoor Work
- Maintenance & Service
- Urban Utility
- Cold Weather Activities

PRODUCT FEATURES

- Durable 70gsm 320T recycled polyester taffeta
- CO durable water repellent, WR 90 after 5 washes 70
- Waterproof grade 4 for reliable rain protection
- Reflective print enhances visibility in low light
- Windproof and water-repellent for all-weather use
- Thermal insulation for warmth in cold conditions
- Long parka design for extra coverage and protection
- Adjustable hood, cuffs and hem for secure fit
- 2-way front zipper with storm flap for added protection
- Multiple functional pockets for tools and essentials
- Inner mesh pocket for phone or small items
- Packable design for easy storage and transport
- Ideal as mid-layer or outer layer in cold conditions

FABRIC SPECIFICATION

Fabric Code: NPPS2061-GY1076
Material: 100% Recycled Polyester

- Extreme Weather Work

PRODUCT FEATURES

- Durable 100D 4-way stretch fabric with TPU membrane
- Waterproof grade 4-5, after 3 washes 3 (Drip line dry)
- Windproof and highly breathable for all-day comfort
- 100D fleece lining provides excellent thermal insulation
- Fully taped seams for complete waterproof protection
- Storm hood compatible with helmet, adjustable
- High collar with chin guard for extra protection
- Waterproof YKK® zippers on front and all pockets
- Underarm pit zips for ventilation and temperature control
- Articulated elbows for enhanced mobility
- Adjustable cuffs, hem & hood for secure fit
- Multiple functional pockets for tools and essentials
- Inner mesh pocket for phone or small items
- Built for extreme cold, wind and wet conditions

IDEAL FOR

- Service Technicians
- Field Service Engineers
- Maintenance & Repair
- Facility Management
- Utility & Telecom
- HVAC Technicians
- Electrical Technicians
- Industrial Maintenance
- Equipment Inspectors
- Logistics Supervisors

PRODUCT FEATURES

- Extremely high abrasion resistance over 250,000 cycles
- CO water repellent 90 for light rain protection
- 4-way stretch for maximum mobility and comfort
- Breathable fabric for active work performance
- Durable 180gsm fabric for all-season wear
- Ergonomic cut for professional fit and movement
- Multiple technical pockets for tools and devices
- Water repellent zippers for reliable protection
- Underarm ventilation for enhanced airflow
- Adjustable cuffs, hem and hood for customized fit
- Reflective details for visibility and safety
- Built for demanding service environments
